

Instantaneous joint

Unicone® instantaneous joints are manufactured from forged steel parts and solid bar to ensure strength and reliability.

Available in blue paint or Delta Protekt zinc flake finish; complete with drab rubber seal.

| Nominal bore | | Length dim. A | Length dim. B | Length dim. C | Weight each |
|--------------|----------|---------------|---------------|---------------|-------------|
| Metric | Imperial | mm | mm | mm | kgs |
| 80mm | 3" | 375 | 172 | 210 | 2.59 |
| 100mm | 4" | 425 | 190 | 215 | 3.30 |
| 125mm | 5" | 512 | 235 | 280 | 4.80 |
| 150mm | 6" | 542 | 265 | 310 | 6.67 |

Also available complete with linch pin and chain locking device as illustrated.
